

MELTECA®

Melteca quality laminated panels are versatile pre-decorated panels with a durable melamine surface on both sides. For interior use only, Melteca is available in a range of decors and finishes, on a choice of substrates, sizes and thicknesses. Please refer to the Melteca availability guide for more information.

CARE INSTRUCTIONS

Never use any of the following abrasive cleaners: Jif, Ajax, Chemico, Brasso, oven cleaners, neat Janola, wire wool, scourer pads, sandpaper.

Cleaning

- A soft cloth should always be used, apply cleaning products to the cloth rather than directly onto the product.
- Wash down with warm water with a small amount of detergent. For best results use streak free glass cleaner with a soft cloth.
- For textured finishes (pearl, woodgrain and puregrain) the periodic use of a soft brush may be necessary for the removal of dirt build-ups and residues left by some spray on cleaners.

Spillages

- Hair rinse, Janola (neat) Harpic, oven cleaners – wash with hot soapy water, then wipe dry.
- Fabric dye – wash with cold water, then wipe dry. Then apply methylated spirits and wipe dry.
- Battery acid, hydrogen peroxide, glue hardeners – wash with cold water then wipe dry.
- Hair dye – wash with methylated spirits then wipe dry.
- Leather dye – wash with methylated spirits then wipe dry. Follow with mineral turpentine, wash and wipe dry.

Stain and mark removal

- Stubborn marks or stains – apply Handy Andy or diluted Janola (one part to three parts water), then wipe down with a warm damp cloth.
- Smearing, finger marks, marking from cold or hot dishes, stickiness – apply one or two applications of acetone (available at pharmacies) and wipe over with a dry cloth.
- Newsprint – use methylated spirits or mineral turpentine
- Rust – use vinegar or lemon juice
- Pencil – use water and a damp cloth
- Felt pen or dry marker - use methylated spirits or acetone
- Paint – use acetone or Duco Lacquer thinners (from a paint shop)
- Glue – contact type – use Ados Solvent N (from a paint shop)

Once again with any of the above use streak free glass cleaner to remove any residues.

How to select

Choose your favourite Melteca colour and then select your ideal finish from:

- Naturale
- Pearl
- Satin
- Puregrain
- Woodgrain

Some finishes are not recommended for certain Melteca colours. Please check with your kitchen designer/manufacturer before making your final selection.
